

Label holder

For simple fastening on mesh cable trays in cable systems with the maintenance of electrical function

The new label holder enables the labelling of cable systems on mesh cable trays in accordance with DIN 4102 Part 12. The dimensions are designed to fit the identification plate KS-E.

3 easy steps for labelling:

1. Write on the self-adhesive identification plate KS-E
2. Stick it on the label holder
3. Attach it to the mesh cable tray, without using tools, and bend the tabs

NEW

7205400 GR-KS FS
Label holder for mesh cable trays
252 x 45 mm
